

Just so you get it direct from me HOT OFF THE PRESS.

1. No soldier will go on pass unless their training is complete, I suspect we will be at 100% completion.
2. There is a send off ceremony the morning of the 22nd of October, all are invited, and if families are present then I predict soldiers will be released from the ceremony for pass until late on the 26th.
3. Some soldiers will go on ADVON or have "The Duty" during the pass time. Those soldiers will have an alternate 4 day pass which we will advise them well in advance so they can make the appropriate plans with their families.
4. The pass will be limited to CONUS.

We have A TON of requirements we need to plan to execute so this should take better shape over the next week to 10 days. I truly understand the need for concrete information so families can make plans and I after Saturday, I should have all the answers from my boss so we can send something out.

The boys are doing well, working hard, the conditions are excellent, and I believe they are enjoying themselves this time more than last time.

Go For Broke,

LTC Michael Peeters
